

# The Most Advanced QuickBooks

QuickBooks Enterprise Solutions has advanced functionality to meet your business's complex needs—with the same ease and familiarity of QuickBooks.

## 5 REASONS . . . . . Why QuickBooks Enterprise Solutions is the Right Solution for You

- 1 Enhanced Reporting Customization**
  - Automatically save your worksheet formatting for recurring or future reports when exporting QuickBooks reports to Excel<sup>1</sup>
  - Leverage enhanced built-in reports or combine reports from multiple company files<sup>2</sup> to get a comprehensive view of your business
  - Create custom reports with ODBC-compliant applications using a new direct connection to the QuickBooks database<sup>3</sup>
- 2 Sophisticated Inventory Capabilities**
  - Easily access your inventory items and reports all in one place with QuickBooks Inventory Center
  - With Enhanced Inventory Receiving, manage new inventory received by entering item receipts and bills related to each other or to purchase orders
  - Efficiently manage inventory across your business with FIFO costing, serial number or lot tracking, and multiple-location inventory<sup>4</sup>
- 3 More Productivity Tools**
  - Work in two company files at the same time<sup>5</sup>
  - See invoices, billing and other important tasks all in one place with the QuickBooks Calendar View
  - Perform more tasks in multi user mode including adjust inventory, define custom fields, and make deposits
  - Enable multiple users in remote locations to simultaneously work in QuickBooks using Microsoft<sup>®</sup> Remote Desktop Services<sup>6</sup>
- 4 Expanded User Controls**
  - Restrict user access to individual reports, bank accounts, lists and activities
  - Use Audit Trail to protect you against employee fraud and detect employee errors by recording transactions entered, edited or deleted from the system—with no impact on product performance
- 5 Room to Grow**
  - Scale from 5 to up to 30 simultaneous users<sup>7</sup>
  - Track hundreds of thousands of customers, vendors and inventory items—get six times the capacity of any other QuickBooks product<sup>8</sup>

\*QuickBooks Pro 2012 allows up to 3 simultaneous users; QuickBooks Premier 2012 allows up to 5 simultaneous users.

1. Excel integration requires Excel 2003 and 2007.

2. Requires Microsoft Excel 2002, 2003, or 2007. Company files must all be on the same version of QuickBooks Enterprise Solutions.

3. ODBC-compliant applications sold separately.

4. Additional fees apply for the Advanced Inventory add-on subscription. Requires QuickBooks Enterprise Solutions 12.0 with an active Full Service Plan and an Internet connection.

5. Some functionality may be limited when running two instances. See [www.qbes.com/sysreq](http://www.qbes.com/sysreq) for more information.

6. Additional fees may apply. Use of QuickBooks Enterprise Solutions with Remote Desktop Services requires certain hardware, Microsoft Server operating systems, Microsoft Windows Server software licenses, and Remote Desktop Services Server Client Access Licenses, which are not included with the QuickBooks Enterprise Solutions product and must be procured separately. For multiple remote users, a Remote Desktop Services Client Access License is required for each user.

7. Requires purchase of additional licenses. All users must be on the same-year version of QuickBooks to access the same company file.

8. Enterprise Solutions allows you to add up to one million names (e.g. customers, vendors, employees) and up to one million items (e.g. inventory, non-inventory, and service items). Some performance degradation is likely as your lists approach these size thresholds.

9. The Full Service Plan (FSP) is good for 12 months from QuickBooks Enterprise Solutions purchase date or Full Service Plan renewal date. You have the option to add QuickBooks Mobile and Intuit Data Protect for free as an active FSP member. Service begins as of the date activated and continues through to the expiration date of your Full Service Plan. QuickBooks support is available 24 hours a day, seven days a week; the Enterprise Solutions team (including our U.S.-based team of product experts) is available weekdays from 4:00 a.m. - 7:00 p.m. Pacific Standard time. Support hours exclude occasional downtime due to system and server maintenance, company events, observed U.S. holidays and events beyond our control. Intuit reserves the right to limit each telephone contact to one hour and to one incident. Active Full Service Plan members receive new version upgrades when and if released within 12 months of QuickBooks Enterprise Solutions purchase date or Full Service Plan renewal date. Terms, conditions, pricing, service offerings, and availability of the Full Service Plan are subject to change at any time without notice. U.S. only.

10. One copy of Mastering Intuit QuickBooks Enterprise Solutions is included with each Full Service Plan annual membership.

11. In some cases the damage may be too extensive and the data file may be non-recoverable.

12. Intuit Data Protect requires Internet access and an active Full Service Plan.
