The power to **work your way.**

Take a look at just some of the big changes we've made, **inspired by you**, our customers.

MORE FLEXIBLE INVOICES

Show negative items on Sales Invoices

- Quickly & easily enter negative lines on invoices
- Great when you want to show discounts you've given to customers

SEE EVERY DETAIL

Ful transactional detail in your most used screens

- See full transaction details within customer, supplier, bank and activity nominal screens
- No navigating to financials to see details you need

AUTO DOUBLE ENTRY

Enter invoices and payments together

- When entering batch invoices, you'll be able to enter payments on the same line
- This removes the need to navigate to Bank in order to enter payments for invoices you've just processed

CONTROL YOUR CASH FLOW

Flexible Due Dates on Invoices

- When using invoices, you'll be able to over-write the invoice due date as needed – or set automatic calculations
- The due date will be surfaced in lists and reports – giving you even more visibility

Real-time access to your accounts with Sage Drive

SET YOUR BUSINESS FREE

By linking your Sage 50 Accounts data to the cloud with Sage Drive, you can easily share it with other users. For example, a colleague working from home or on the move can access the same information as someone based in the office, in **real-time**. You receive one Connected User with Sage 50 Accounts.

Sage 50 Accounts Tracker App

POWER TO THE BRAVE

Perfect for anyone who needs meaningful **business insight on the go**, Sage 50 Accounts Tracker tells you how your business is performing from your smartphone. By cutting out the need to wait for reports or checking back with the office to get key business information, it helps you make **quick, confident decisions** about your business.

Work with your accountant in real-time

MAKE YOUR OWN RULES

By sharing your data in the cloud with Sage Drive, your accountant can access your data with their own secure log in, meaning you can both work on the same live data with no downtime. **Stay accurate, up to date and on control on the go.**

*Bank Feeds powered by Yodlee**

VISION TO BE BOLD

Balancing the books is an integral part of managing accounts but it doesn't need to be a manual or tedious process. Bank Feeds make reconciling your accounts and bank balances simple and error free. Match payments and receipts **quickly and easily**, discard personal transactions, and spend less time on time-consuming data entry, giving you **a real-time view** of your cash position at a glance.

AUTOMATE YOUR
BUSINESS AND SAVE UP TO
3 HOURS
PER WEEK WITH BANK FEEDS

*Improved error
correction*

NO MISTAKES NO REGRETS

Everybody makes mistakes and there's nothing more frustrating than realising that you need to delete and start something again. But that's a thing of the past. You can now **quickly and easily edit journals, un-allocate credits and payments and track which users have edited transactions**. Meaning it's never been easier to keep your accounts accurate and up-to-date.

*Get paid faster with
Invoice Payments*

SPEED UP SUCCESS

The biggest challenge most businesses face is keeping a healthy cash flow. The best way to tackle this is to **get paid faster** by your customers and reduce the likelihood of invoices being unpaid. With Invoice Payments from Sage Pay you can do just that. By adding **Pay Now buttons** onto your invoices, your customers will be able to pay you instantly, easily and securely.

You're also able to accept card **payments over the phone** from directly within Sage 50 Accounts. All payments you take are **automatically posted** into your accounts, saving lots of time. Businesses like yours who use Invoice Payments get paid **at least twice as fast** as those that don't. There's no additional monthly charge, you'll simply pay a flat fee of 2.5% for the value of each payment you take.

*Surfacing
information*

CONFIDENCE INSPIRING DATA

Getting the right information when you need it is crucial to running your business. The latest version of Sage 50 Accounts means it's never been easier to analyse data without the need to source it from various parts of the software or create workarounds. New columns and fields mean **more efficient data analysis** and reduced frustration.

Drill down on aged debtors and creditors

IN TOUCH WITH SUCCESS

Get more control of who owes you money and who you owe money to, without the need to move in and out of different screens. A more **streamlined process** makes it easier to get insight into your cash flow at the click of a button.

Improved credit control, makes it even easier for you to maintain a healthy cash flow by reducing input errors, offering early payment discounts and allowing you to easily identify customers with payment issues.

Streamlined dialogue boxes

KEEP IT SIMPLE INNOVATOR

It's now **easier than ever** for you to find the information you need quickly with the streamlined way we've designed dialogue boxes. You can now work effectively without having to learn or remember what to do. It's clearer, simpler and more intuitive to achieve what you need to.

User interface consistency

YOUR ACCOUNTS YOUR RULES

A streamlined and organised workspace is important to everyone and that shouldn't stop at your accounts software. The **latest developments** to Sage 50 Accounts mean you can customise exactly **what you want to see** when using the software and that will be remembered when you log out. So, no more spending time re-setting your display to fit how you work.

With the improved home page, you'll have access to the Sage Help Centre, useful hints and tips, latest news from Sage and other services we offer.

Enhance the power of Sage 50 Accounts
