POWER YOUR BUSINESS WITH THE PATH-BREAKING TECHNOLOGY OF TALLY 9

Simplify Business Processes And Enhance Performance... With Unmatched Speed… Power… Scaleability… Reliability!

TALLY 9 - THE WORLD'S FIRST CONCURRENT MULTI-LINGUAL BUSINESS ACCOUNTING & INVENTORY MANAGEMENT SOFTWARE

Presenting Tally 9 - The World's First Concurrent Multi-lingual Business Accounting & Inventory Management Software

As your business grows and transcends state and international borders, you need a business accounting software that will keep pace with your complex business demands, while simplifying growth. One that is, breathtakingly fast, amazingly powerful, immensely reliable and adapts to your business requirements easily… like the new Tally 9

Powered by the breakthrough *C:MuLATE* (Concurrent Multi-lingual Accelerated Technology Engine), Tally 9 is the result of a perfect fusion of the path-breaking Concurrent Multi-lingual Platform and Object Oriented Database Engine. Technology on which someday all business accounting solutions will be built. Powerful features and blazing speed combine with enhanced MIS, Multi-lingual and Data Synchronisation capabilities… to help empower businesses like yours.

The Tally 9 Advantage

With Tally 9 you will begin to see clear business benefits accrue from day 1. Tally 9 is the ultimate business solution, designed to meet the growing information needs of today's business enterprises.

Salient Features	Benefits
Concurrent Multi-lingual Capability	Allows you to enter accounts, view them and print reports in any language of your choice… at the same time.
Unlimited Companies	Allows creation and maintenance of multiple companies concurrently (up to 99,999 companies).
Consolidation of Companies	Enables grouping of companies and provides consolidated reports. Changes done in any constituent or branch company is automatically updated.
Data Synchronisation	Helps synchronise and update data across multiple locations. Allows easy access to Tally data.
TallyPayroll	Enhances payroll management with features like automatic calculation of salaries and payslip generation.

Tally 9 - For Enhanced User Experience

Tally 9 is all about enhanced user-experience, speed, power and versatility. It allows you to enter data in a variety of ways without the usual restrictive formats of most computer programs; thus making work a pleasure. Tally 9 gives you the flexibility to work the way you want to. Adapting to your specific business needs - no matter how simple, advanced or complex they are.

Tally 9 - For Unmatched Benefits

Amazing Accuracy, Blazing Speed - Provides user-definable templates for fast, accurate data entry. With Tally 9 all you need to do is ensure accuracy while keying in your transactions; thereafter all documents and reports will be generated automatically, at the press of a button.

Unmatched Scaleability - Adapts to the current and future needs of your business, irrespective of its size or style.

Sheer Power - Has the ability to handle huge volumes of transactions with neither loss of speed nor efficiency.

Real-time Access To Information - Allows seamless, real-time access to Tally data across locations, amongst business associates and partners, and with other software applications.

Tally 9 - For Improved Business Performance

Tally 9 is a highly integrated application that transforms your business processes with its performance enhancing features, which encompass accounting, inventory, reporting and statutory processes. This helps you access information faster, and take quicker decisions. Tally 9 also guarantees real-time optimisation of operations and enhanced communication.

Quick Decision-making - Generates real-time, comprehensive MIS reports and ensures access to complete and critical information, instantly.

Performance Management - Provides live Key Ratios and Operating Figures, for monitoring performance and critical decision-making.

Dynamic Query And Drill Down Reporting - Summarises information for management and allows drill down into details and queries.

Comparison Of Data With Multi-columnar Reports - Compares data for multiple locations on the same screen, in a columnar format.

Better Planning/Forecasting - Provides 'smart information' using sophisticated analytical tools, helping you forecast and examine possible scenarios along with the ability to view provisional reports. Allows Cost and Profit Centre analysis and reporting; thus making information available on costs and profits by branches, departments, geographies, groups, etc.

Reduce Costs And Increase Productivity With Tally 9

Reduces Costs

Salient Features	Benefits
Receivables and Payables Management	Ensures on-time collections, resulting in better cash flow and savings on interest. Generates periodic reminder letters.
Payment Performance of Debtors	Identifies bad debtors and persistent defaulters; thereby helping you take the right decisions.
Inventory Management Reports	Ensures that you never hold excess stock, or run out of a fast moving item and lose an order.
Profitability Analysis	Provides product-wise and invoice-wise profitability. This helps you identify products with high/low margins.
Stock Ageing	Identifies stocks based on age, helping you to dispose off old stock quickly.
Reorder Levels	Allows for user-defined Reorder Levels for any given period; helping you avoid excess stocking of items while ensuring that you don't run out of essential stock.

Increases Productivity

Salient Features	Benefits
Unlimited Levels of Classification	Facilitates ledger classification and re-classifications as required. Enables easy viewing and analysis of information; thus aiding you in informed decision-making.
Advanced MIS	Compares information in order to understand and analyse performance levels for various periods or divisions. Helps you study and understand the buying patterns of customers, so that you can channel your resources to specific segments, periods or customers. Also helps you analyse cash flow situations.
Customised Quotations, Orders, Invoice, Voucher and Cheque Printing	The integrated system ensures real-time linking of accounts and inventory, resulting in accurate tracking of information. Ensures quick data entry and retrieval of information with blazing speed.
Flexible Units of Measure	Helps in tracking stock irrespective of the units of measure. For example, when you buy in tons and sell in kilograms or buy in crates and sell as pieces.
Multi-Location Warehouse Management	Helps you track stock movement; allowing you to decide which warehouse to ship from, depending on stock position.
Multiple Price Levels	Allows you to pre-define item rates for specific categories of customers, enabling faster and error-free invoicing and data entry.
Drill Down Facility	Helps you to drill down or instantly update from any report - starting from the Balance Sheet down to Vouchers, or vice versa.

Tally 9 - For Complete Reliability

Built using a path-breaking technology, which is also highly secure, Tally 9 makes sure that your critical financial information is safe from data corruption. This ensures that Tally data is protected from sudden power outages or system shutdown.

Affordable And Available

Tally 9 is a simple to use, yet powerful and complete business software. What's more, Tally 9 is also available at leading IT outlets across your city, at an unbelievable price!

Tally Solutions - The Force Behind Tally 9

Since its inception in 1986, Tally Solutions has constantly endeavoured to develop cutting-edge technology products that have practical relevance to businesses. New features, new products, new services, new technologies, and above all, the 'Power of Simplicity' have made Tally Solutions one of the leading financial accounting software companies in the world.

Tally Solutions was the first company in the world to introduce the no-codes concept in accounting software. The mission of Tally Solutions is, to continue to provide flexible and easily comprehensible business solutions, akin to the manual accounting system, while optimising advances in technology.

While the focus of Tally Solutions has previously been on a single application - Business Accounting - today, it has moved from a single product company to a multiple product company and is also a service provider. Tally's offerings span several innovative products and service offerings for various business verticals and users - right from the traditional small business, to middle and large enterprises, Chartered Accountants and Software Entrepreneurs.

Tally, today, is an integral part of a vast variety of businesses and is an indispensable tool for over 2 million users in over 90 countries across the world.

Seeing is believing! So, wait no longer to enjoy the power of 'Accounting on Computers' with the world's first concurrent multi-lingual Business Accounting & Inventory Management Software - Tally 9.

Call us today to discover how this powerful and versatile business accounting software can change the way you do business and increase your business performance manifold.
